

RSK 7113544

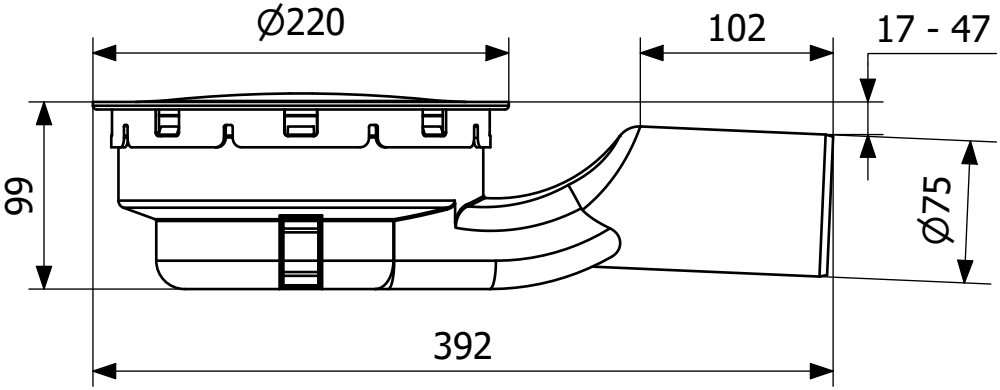

The Rot 75 Side floor drain has a 75mm side outlet and a low total height of 99mm. It is suitable for installation in concrete floors. The floor drain can be height adjusted from 99mm to 129mm by rotating the flange anti-clockwise. This must be done before casting. The Rot floor drain comes complete with a removable water trap, clamping ring and plastic grate. It also comes with a protective cover that is intended to prevent any concrete or debris from entering the drain during installation.

The automatic self-adjusting clamping ring is used for both waterproofing membranes and vinyl flooring with a thickness of 1.5mm to 2mm.
