

RSK 8077178

PUM tundish kit. It is manufactured in plastic and has a smooth ended G40 connector. The odour barrier (membrane) is integrated in the tundish and is positioned at the base for easy cleaning and maintenance. The PUM replaces the usual cup-style water trap, saving space in the installation area.

RSK 8077177

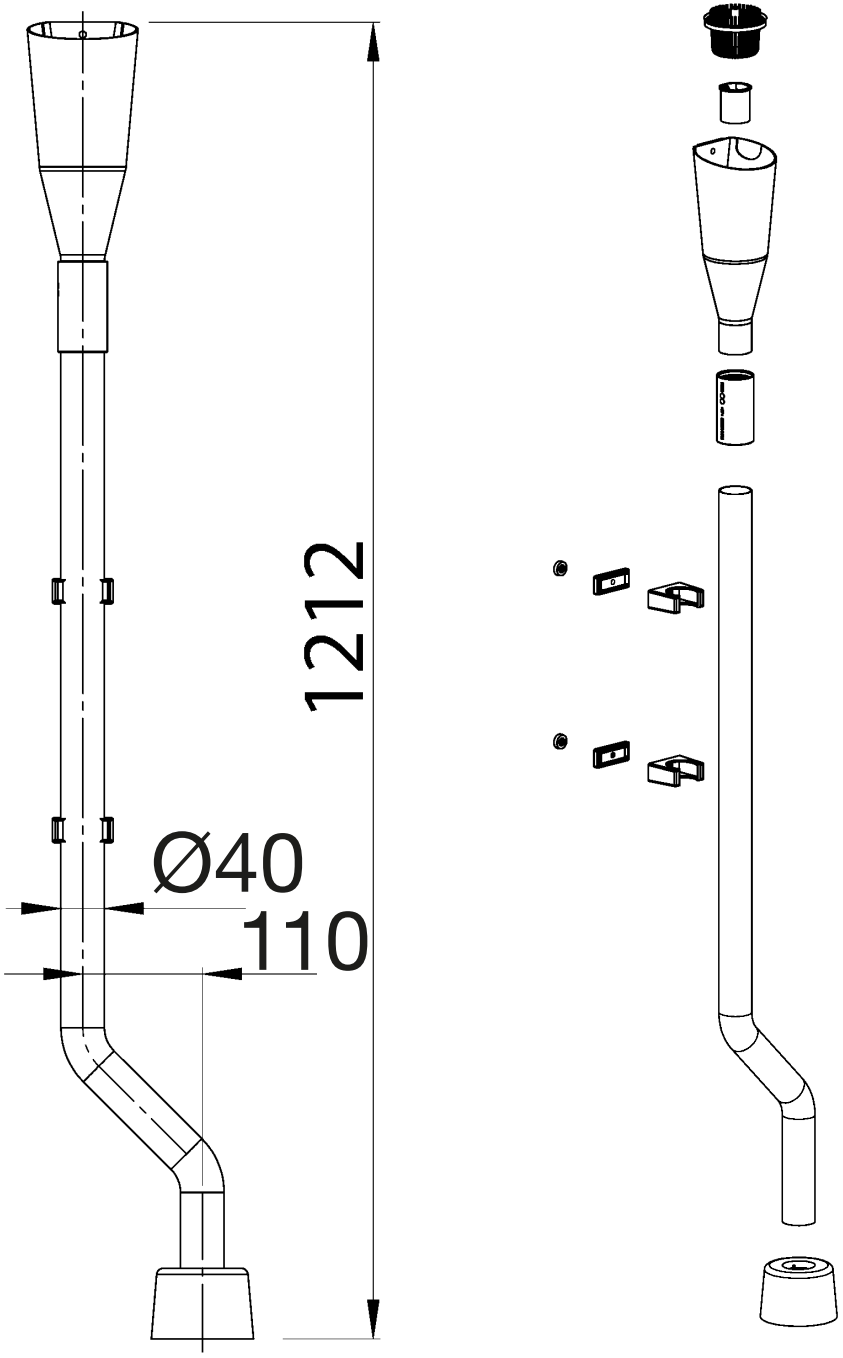

PUM tundish kit for washing machines. It is manufactured in plastic and has a G32 connector which can be cut to achieve a 40mm smooth end. Comes with lint filter and PUM membrane. The odour barrier (membrane) is integrated in the waste and is positioned at the base for easy cleaning and maintenance. The vertical waste replaces the usual cup-style water trap, saving space in the installation area.

Specifications
