

RSK 8077178

PUM tundish kit. It is manufactured in plastic and has a smooth ended G40 connector. The odour barrier (membrane) is integrated in the tundish and is positioned at the base for easy cleaning and maintenance. The PUM replaces the usual cup-style water trap, saving space in the installation area.

RSK 8057053

PUM tundish kit for washing machines. It is manufactured in plastic and has a 40mm smooth end. Comes with a PUM membrane. The odour barrier (membrane) is integrated in the waste and is positioned at the base for easy cleaning and maintenance. The vertical waste replaces the usual cup-style water trap, saving space in the installation area.

Specifications
