PURUS

RSK 8570241

The PUM vertical waste outlet is a combination of a vertical waste and a water trap for wash basins with G40 connections. This outlet fits older models of wash basins and urinals. The odour barrier (membrane) is integrated in the vertical waste and is positioned under the lid, which can easily be lifted up for in situ cleaning and maintenance. The vertical waste replaces the usual cup-style water trap, saving space underneath the wash basin. It can be combined with floor and wall outlet kits which do not have a conventional water trap.

Specifications

RSK Number	8570241
Dimension	G40
Function	For wash trough, wash basin and urinal
Item Color	Chrome
Material	PP, EPDM, Stainless steel 1.4301, Silicone
Pressure Flow Temp	0,6 l/s
Surface	Polished
Version	Odour trap
