

RSK 7097006

Purus channel 150 is a channel made of acid-resistant stainless steel for installation in concrete floors. The channel has a central outlet and is intended for resin floors as a surface layer. Supplement with gully base in plastic or acid-resistant stainless steel and mesh grate for higher load classes or grating for K3 (300 kg) load. The channel is supplied with rubber spacer strips around the flange.

RSK 7097007

Purus channel 150 is a channel made of acid-resistant stainless steel for installation in concrete floors. The channel has a central outlet and is intended for resin floors as a surface layer. Supplement with gully base in plastic or acid-resistant stainless steel and mesh grate for higher load classes or grating for K3 (300 kg) load. The channel is supplied with rubber spacer strips around the flange.

RSK 7097008

Purus channel 150 is a channel made of acid-resistant stainless steel for installation in concrete floors. The channel has a central outlet and is intended for resin floors as a surface layer. Supplement with gully base in plastic or acid-resistant stainless steel and mesh grate for higher load classes or grating for K3 (300 kg) load. The channel is supplied with rubber spacer strips around the flange.

RSK 7103020

Purus channel 150 is a channel made of acid-resistant stainless steel for installation in concrete floors. The channel has a central outlet and is intended for resin floors as a surface layer. Supplement with gully base in plastic or acid-resistant stainless steel and mesh grate for higher load classes or grating for K3 (300 kg) load. The channel is supplied with rubber spacer strips around the flange.

RSK 7103024

Purus channel 150 is a channel made of acid-resistant stainless steel for installation in concrete floors. The channel has a central outlet and is intended for resin floors as a surface layer. Supplement with gully base in plastic or acid-resistant stainless steel and mesh grate for higher load classes or grating for K3 (300 kg) load. The channel is supplied with rubber spacer strips around the flange.

RSK 7103021

Purus channel 150 is a channel made of acid-resistant stainless steel for installation in concrete floors. The channel has a central outlet and is intended for resin floors as a surface layer. Supplement with gully base in plastic or acid-resistant stainless steel and mesh grate for higher load classes or grating for K3 (300 kg) load. The channel is supplied with rubber spacer strips around the flange.

RSK 7103022

Purus channel 150 is a channel made of acid-resistant stainless steel for installation

in concrete floors. The channel has a central outlet and is intended for resin floors as a surface layer. Supplement with gully base in plastic or acid-resistant stainless steel and mesh grate for higher load classes or grating for K3 (300 kg) load. The channel is supplied with rubber spacer strips around the flange.

RSK 7103023

Purus channel 150 is a channel made of acid-resistant stainless steel for installation in concrete floors. The channel has a central outlet and is intended for resin floors as a surface layer. Supplement with gully base in plastic or acid-resistant stainless steel and mesh grate for higher load classes or grating for K3 (300 kg) load. The channel is supplied with rubber spacer strips around the flange.

RSK 7103025

Purus channel 150 is a channel made of acid-resistant stainless steel for installation in concrete floors. The channel has a central outlet and is intended for resin floors as a surface layer. Supplement with gully base in plastic or acid-resistant stainless steel and mesh grate for higher load classes or grating for K3 (300 kg) load. The channel is supplied with rubber spacer strips around the flange.

RSK 7103026

Purus channel 150 is a channel made of acid-resistant stainless steel for installation in concrete floors. The channel has a central outlet and is intended for resin floors as a surface layer. Supplement with gully base in

plastic or acid-resistant stainless steel and mesh grate for higher load classes or grating for K3 (300 kg) load. The channel is supplied with rubber spacer strips around the flange.

RSK 7103027

Purus channel 150 is a channel made of acid-resistant stainless steel for installation in concrete floors. The channel has a central outlet and is intended for resin floors as a surface layer. Supplement with gully base in plastic or acid-resistant stainless steel and mesh grate for higher load classes or grating for K3 (300 kg) load. The channel is supplied with rubber spacer strips around the flange.

RSK 7103028

Purus channel 150 is a channel made of acid-resistant stainless steel for installation in concrete floors. The channel has a central outlet and is intended for resin floors as a surface layer. Supplement with gully base in plastic or acid-resistant stainless steel and mesh grate for higher load classes or grating for K3 (300 kg) load. The channel is supplied with rubber spacer strips around the flange.

Specifications

RSK Number	7097006
Dimension	Bottom/side in plastic or stainless steel in Ø50, Ø75 or Ø 110 mm
Floor Construction	Concrete flooring

Floor Covering	Resin
Function	Central outlet
Item Color	Stainless
Material	Acid-resistant stainless steel 1.4404
Size	800×150 mm
Surface	Pickled
Version	Do not forget grid/outlet house

RSK Number	7097007
Dimension	Bottom/side in plastic or stainless steel in Ø50, Ø75 or Ø 110 mm
Floor Construction	Concrete flooring
Floor Covering	Resin
Function	Central outlet
Item Color	Stainless
Material	Acid-resistant stainless steel 1.4404
Size	1000×150 mm
Surface	Pickled
Version	Do not forget grid/outlet house

RSK Number	7097008
Dimension	Bottom/side in plastic or stainless steel

	in Ø50, Ø75 or Ø 110 mm
Floor Construction	Concrete flooring
Floor Covering	Resin
Function	Central outlet
Item Color	Stainless
Material	Acid-resistant stainless steel 1.4404
Size	1200×150 mm
Surface	Pickled
Version	Do not forget grid/outlet house

RSK Number	7103020
Dimension	Bottom/side in plastic or stainless steel in Ø50, Ø75 or Ø 110 mm
Floor Construction	Concrete flooring
Floor Covering	Resin
Function	Central outlet
Item Color	Stainless
Material	Acid-resistant stainless steel 1.4404
Size	500×150 mm
Surface	Pickled
Version	Do not forget grid/outlet house

RSK Number	7103024
