

Item 7110406UK

The 59mm S-Series Minimax is a floor drain with a 50mm side outlet and a super-low level construction height of just 59mm. It is designed for installation in concrete floors and is suitable for tiled and vinyl floor finishes (stainless steel grates ordered separately). The 59mm S-Series floor drain comes with a removable NOOD water trap, stainless steel clamping ring and 50mm to 1½” solvent weld adapter. The NOOD water trap is a mechanical trap which closes when there is no water present, thus preventing any foul air from escaping through the drain. It also comes with a protective cover that is intended to prevent any concrete or debris from entering the drain during installation.

The clamping ring is for vinyl flooring with a thickness of up to 3mm.

Specifications

Item Number	7110406UK
Dimension	1 ½”
Floor Construction	Concrete flooring
Floor Covering	Tiles/Vinyl
Function	Side outlet
Item Color	White
Material	PP
Pressure Flow	

Temp	1,3 l/s
Size	Ø179 mm
