

RSK 7129963

Sediment trap in acid-resistant stainless steel with a volume of 1.9 liters. Sediment traps are used to collect smaller particles that are heavier than water, such as sand and gravel. These collect in the sediment trap at normal flows. The product is used, for example, when emptying scrubbers, car washes, dry cleaners.

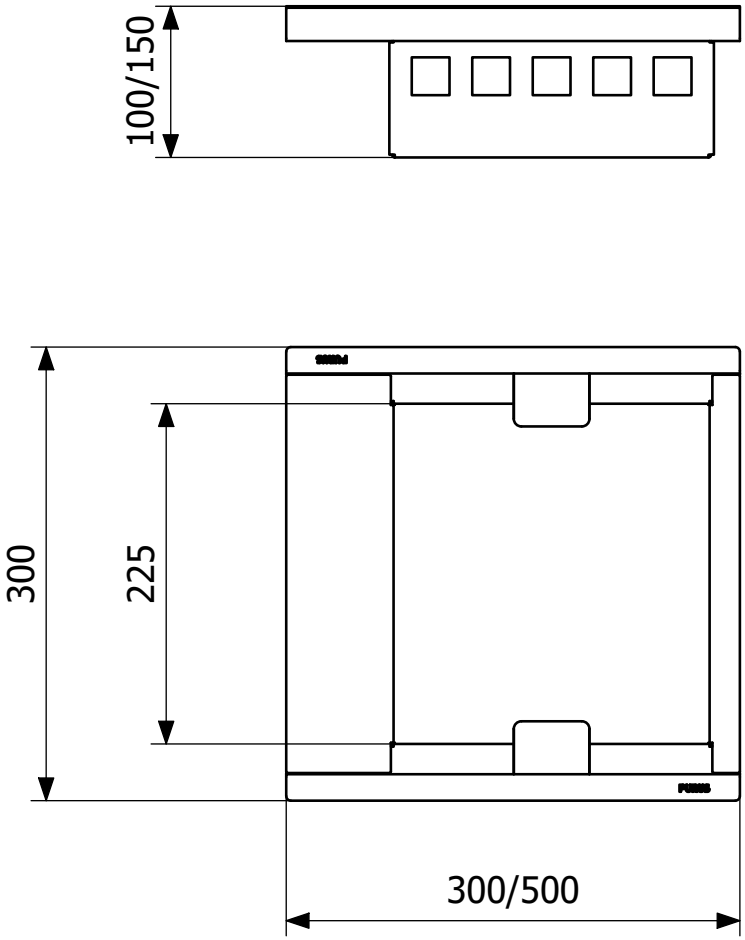

RSK 7129965

Sediment trap in acid-resistant stainless steel with a volume of 4,2 liters. Sediment traps are used to collect smaller particles that are heavier than water, such as sand and gravel. These collect in the sediment trap at normal flows. The product is used, for example, when emptying scrubbers, car washes, dry cleaners.

Specifications

RSK Number	7129963
Electrical Data	1,9 l
Function	For Purus channel combo
Item Color	Stainless
Material	Acid-resistant stainless steel 1.4404
Size	300x300x100 mm
Surface	Pickled
Version	Low

RSK Number	7129965
Electrical Data	4,2 l
Function	For Purus channel combo
Item Color	Stainless
Material	Acid-resistant stainless steel 1.4404
Size	500x300x150 mm
Surface	Pickled
Version	Low
