

RSK 7152422

The Bigg 110 E untrapped floor drain is manufactured in epoxy-coated cast iron. It has a 110mm side outlet and can be installed in concrete floors. The Bigg 110 E floor gully comes with a clamping ring and plastic grate, and does not include a water trap. The outlet hole has a protective cover which will prevent any screed or similar from entering the drain.

The automatic clamping ring is used for both sealing membrane and vinyl flooring. It is a self-adjusting clamping ring for vinyl flooring with a thickness of 1,5 mm to 2 mm.
