

RSK 7152402

The Lod MA untrapped floor drain is manufactured in epoxy-coated cast iron. It has a 75mm vertical outlet and can be installed in concrete or wooden floors. The Lod MA floor gully comes with a clamping ring and plastic grate, and does not include a water trap. The outlet hole has a protective cover which will prevent any screed or similar from entering the drain.

The automatic clamping ring is used for both sealing membrane and vinyl flooring. It is a self-adjusting clamping ring for vinyl flooring with a thickness of 1,5 mm to 2 mm.
