PURUS

Item 153448-546

The Flexi NOOD is a mechanical water trap. It has a spring-loaded bowl which is designed to close when there is no water flow, thus preventing odours from escaping through the drain, even when dried out. It is therefore suitable for environments which have little or no water supply for longer periods of time. The Flexi-NOOD water trap is equipped with a stainless steel handle and can be removed from the floor gully for maintenance and cleaning. Fits MaxiFlex floor gullies.

Specifications

Item Number	153448-546
Item Color	White
Material	PP
Version	Odour trap
